April 2016

## Suffolk passenger transport map

### Transport in Suffolk

Due to popular demand, we've created an updated network map of all bus and train services available across Suffolk.

Connecting Communities, rail lines, rail stations, bus routes and foot ferries are all included.

**View and download a copy of the map**

## April bus timetable changes

### April service changes

This April, there will be numerous service changes across the County.

Suffolkonboard frequently updates its bus service changes page so remember to check regularly and see if anything might affect your journey.

## Home to school transport

### Home to school on Suffolkonboard.com

This section of the website has recently been re-designed to make navigation easier. We've added a few useful tools like an eligibility checker and home to school journey planner.

A new leaflet has also been introduced, 'Travel Options - moving on from year 11' - aimed at helping students aged 16+ to find the most practical journey solution to their place of study. This can be downloaded from our 'FAQ's, policies and guidance' page.

### Take a look at our new home to school section
