

## Suffolk Police & Crime Commissioner's Stay Safe Online Fund

This is a one-off funding opportunity to help improve the understanding and consequences of Staying Safe Online along with the protection and awareness for young people. A total fund of around £100,000 is available.

- Grants around £10,000 are available to support the work of voluntary and community groups, Charities, Social Enterprises and Community Interest Companies that are delivering services that help make Suffolk a safer place to live, work, travel and invest in.
- Where the work is transformational/Countywide or supporting many schools (with agreement), a larger grant may be acceptable but only if a prior conversation has been held with a Grants Officer 01473 602602.
- Applications may be considered (for this specific fund only) from PTAs or Friends of Schools where clear additionality is being provided to young people (particularly Years 5 & 6) above statutory provision and with the support of the voluntary sector (collaborative working), where teachers' salary costs are not being requested.
- National organisations may apply where they can prove there is no duplication of service in Suffolk and have a proven track record of delivery (evidence required).
