SUFFOLK COUNTY COUNCIL - COUNCILLOR - T. J HAWORTH-CULF – Report circulated

As some meetings are face to face now, we must all remember the importance of twice weekly testing, meet in well ventilated locations and try to keep meetings brief. The infection rate has gone up, thankfully deaths are low but sadly this virus will be around for some time to come. We must remember to carryout home Covid-19 testing and remember to report these results. Remember to keep to the rules and guidelines, especially as not all of us have been vaccinated yet.
