MOTTO FOR 1933 :

" Faith, Hope, Love . . . the greatest of these is Love." (1 Cor. xiii. 13, R.V.)

THE VICARAGE, ALDRINGHAM,

January 23, 1933.

MY DEAR PARISHIONERS AND FRIENDS—

It is my sad duty this month to refer to another great loss we have sustained. In the passing of Mrs. Stanford a great blank has been caused in Church and parish. For many years, till her health failed, she had been a most devoted worker of our Church, lending her beautiful grounds for our garden fêtes, and giving much time to the Working Party, of which she was Treasurer. She was a most generous contributor to our Freewill Offering Fund, a member of the Parochial Church Council since its inception, and Chairman of the Day School Managers till ill-health caused her to resign. In fact, she was one of my most active supporters. I cannot say how much I owe to her kind help. We shall specially miss her presence in the House of God and at the Lord's Table, as, when able, she was a regular attender at these means of grace. The funeral service was beautiful in its simplicity, and breathed a spirit of hope, hope in Him Who is "the Resurrection and the Life." To those who have lost a devoted mother our hearts go out in deep sympathy.

Your sincere Friend,
T. W. SEDGWICK.

" PALESTINE " IN ALDEBURGH.

" One picture is worth 10,000 words." Prove the truth of this by seeing the attractive film, " Palestine," to be shown at the Aldeburgh Picture House in March. Further particulars in a later issue. This early notice is to give an opportunity to all to see the film, a beautiful panorama of the land of the Bible showing places we have thought about and longed to see: Nazareth; Jordan and the Sea of Galilee; Jerusalem; City of the Temple; poignant Gethsemane; Holy Calvary.

The Vestry Meeting for the election of Churchwardens will be held in the Parish Room (D.V.) on Tuesday, February 28, at 7.30 p.m., and will be followed at 7.40 by the Annual Parochial Church Meeting.

Our C.M.S. Annual Sermons have been fixed for Sunday, February 26. The preacher will be Mr. J. A. Bailey, who has seen a good deal of the work in Africa and China.
