## Latest plans ready for public consultation

**EDF Energy is pleased to announce that our next stage of formal public consultation on the proposals for a new nuclear power station at Sizewell will run from 23 November 2016 – 3 February 2017.**

We have published an 'Updated Statement of Community Consultation' (SoCC) which is a document that outlines the activity we will undertake during the public consultation. We have also distributed a Sizewell C newsletter announcing Stage 2 Consultation to thousands of households and businesses within a 10 mile radius of Sizewell.

To read the 'Updated SoCC' and the latest Sizewell C newsletter follow the below link.

We will offer presentations on the Stage 2 proposals to Parish Councils after completing the public exhibition phase of the consultation programme; however, we will prioritise presentations for parishes where a public exhibition has not been held. Therefore, if there is a scheduled exhibition in your parish, we encourage Parish Councillors to attend if possible. The programme of exhibitions is shown on in the Sizewell C newsletter and on our website.

Parish councils are also reminded of the independent support which will be provided to them by Planning Aid England (PAE). EDF Energy has invested in support for towns and parish councils by funding PAE to offer free and wholly independent advice to councils with an interest in the Sizewell C project.

Stage 2 is the second stage of at least three formal stages of public consultation on the Sizewell C proposals. Stage 1 ended in 2013.

**Your views are important and will help shape the proposals for Sizewell C. We look forward to discussing them with you.**

**Please remember to have your say!**
