2015

Year in Review

A range of environmental studies has been carried out across the Sizewell C site and potential associated development sites over the last year.

This work will inform the Transport Strategy and Environmental Impact Assessment for Sizewell C, along with the documentation we are preparing for the next stage of formal public consultation on the proposals.

During the summer, EDF Energy started work on the Aldhurst Farm Habitat Creation Scheme in Leiston. We will be back on site in the spring of 2016 to complete the reedbed planting.

Throughout the year we have engaged with local communities and stakeholders, discussing a range of issues about the project. We have been active in education and skills, sponsoring various initiatives across the county and promoting the work of our apprentices at Sizewell B.

In October we announced a strategic investment agreement with our partners CGN and recently issued a newsletter about this significant milestone to communities and businesses within a ten mile radius of Sizewell.

We are currently working hard on the development of our Stage 2 consultation proposals.

Surveys and Assessments

The following surveys and assessments have been undertaken over the last month to inform the Environmental Impact Assessment:

- Noise monitoring
- Geotechnical survey
- Archaeological investigations

Community Engagement

The Sizewell C Communications Team continue to meet with organisations across the county, keeping communities regularly updated about the project. Here's a snapshot of our meetings in December:

- Suffolk Young Enterprise
- Theberton/Eastbridge Parish Council
- New Anglia Local Enterprise Partnership
- Suffolk Coastal District Council Sizewell C Task Group

The Sizewell C Project Team would like to wish you all Happy New Year and we look forward to future engagement with your parish.

Please let us know if you have any queries, or if your parish clerk and select representatives of your council would like a project briefing with the communications team. Please call our Community Freephone on 0800 197 6102 to schedule a meeting.

Yours, Sizewell C Community Team
